

Call for Papers

Two types of participation will be possible:

1. Attendance without paper and presentation (audience) and
2. Attendance with full paper and presentation.

The Organizing Committee encourages you to register and submit your full papers using the following link:

https://docs.google.com/forms/d/e/1FAIpQLScFPbuCgct8VIVojR6AYyXFJT9WsbXg_h9y2M0MyCKDKG1Cjw/viewform?usp=sf_link

Full papers should be written in English and prepared according to the template.

Each participant cannot submit more than two papers for the Symposium.

Important dates

- Registration opens
June 1st, 2021
- Deadline of Registration (with or without paper) and Paper Submission
August 1st, 2021
- Notification of Acceptance
August 20th, 2021
- Deadline for presentation submission
September 22nd, 2021
- Conference Dates
September 23rd - 24th, 2021

Symposium fees

Participation in the Symposium is **free of charge**, but registration is mandatory. At least one author of each selected paper must register.

We look forward
to seeing you in Novi Sad!

The goal of the Symposium

The International Symposium will be an interdisciplinary forum where the research results and best practices in the field of Water Resources Management will be shared with all SWARM fellows and stakeholders from the entire world. At the same time, the event will be the place for the promotion of the achieved results under the SWARM project to a wider audience.

Effective results can be realized exclusively with active involvement, unbiased judgment and constructive input of all the innovation processes. In that context, topics were carefully selected to provide up-to-date issues and to encourage productive discussion bringing fresh and original insights and concepts at the forefront.

Term and place of the Symposium

The International Symposium **"Water Resources Management: New Perspectives and Innovative Practices"** will be organized in Novi Sad, Serbia, at University of Novi Sad, Faculty of Technical Sciences, on the 23rd and 24th of September 2021. Due to COVID-19 constraints we have decided to organize hybrid event (face-to-face and online).

Language of the Symposium

Official language of the Symposium is English.

Topics

The scope of the Symposium includes the following topics:

- 💧 Water resources planning and management under uncertainty, climate variability and climate change
- 💧 Risk assessment and management of hydrological hazards
- 💧 Integrated modelling of water resources: new directions
- 💧 Water resources management in transboundary river basins
- 💧 Hydropolitics and Water governance: current issues and future perspectives
- 💧 Complexity of water resources management in WB countries
- 💧 Capacity building in water resource management in HEIs
- 💧 Technological advances in water resources management: remote sensing and data science methods
- 💧 Water supply and wastewater management technology
- 💧 Desalination and water reuse: opportunities and challenges
- 💧 River flow modelling
- 💧 Water Management Infrastructure

Symposium program

THURSDAY 23rd SEPTEMBER

08:30 – 09:00	Registration
09:00 – 09:30	Welcome Messages
09:30 – 11:00	Plenary speakers
11:00 – 11:30	Coffee Break
11:30 – 12:45	SWARM in a nutshell
12:45 – 14:00	Welcome cocktail
14:00 – 15:30	First Session
15:30 – 15:45	Coffee Break
15:45 – 17:15	Second Session

FRIDAY 24th SEPTEMBER

09:00 – 10:30	Third Session
10:30 – 11:00	Fourth Session
11:00 – 11:30	Coffee Break
11:30 – 12:30	Young professionals in the water sector
